HDA

WHO WE ARE

“It starts with a vision” is more than a motto; at HDA, it’s the philosophy we live by.

In 1986, Jack Holleran, President of HDA, envisioned an architecture, interiors and master-planning firm providing creative and timeless design with exceptional customer service. Since then we have designed over 150 million square feet nationwide, totaling more than \$3.5 billion in construction costs and completed over 250 projects in more than 44 states.

INTERIORS APPROACH

HDA can design a flexible work environment that enhances specific business activities and improves overall productivity. Our interior design services have garnered national recognition across a wide range of commercial projects. We’ve learned to merge our timeless style with today’s rapidly changing world to give our clients innovative designs that meet the demands of their employees and customers.
